2023 ANNUAL GENERAL MEETING – TRAKEHNER BREEDERS' FRATERNITY

Directors Reports

CHAIRMAN's REPORT

After 13 years as Chairman, it is with regret that I am stepping down this year.

Sadly, in recent years we have seen a huge reduction in the number of Trakehners being bred in UK. This in turn has led to reducing entries to our annual grading and show and in recent years it has not been possible to justify a full show and this year we have not held a central grading. The cost of hiring a venue and paying to bring over a German judge is not financially viable when only 2 or 3 entries. In 2022 we made over £1000 loss on the show with more than half of that being cost of bringing in a German judge. With less income due to less foal registrations, we are not in a position to subsidise the cost of a show.

We had started to make arrangements for a Mare Grading Tour in 2023 however this was postponed as the dates did not work for the members.

Going forward we need to decide on how we provide members with an opportunity to get their mares graded and performance tested. We would also like to find a way to encourage Trakehner Mare owners to breed purebred foals.

I thank you all for your support over the time I have been Chairman and hope you will give my replacement the same support.

I confirm I will continue as the TBF Treasurer.

Membership Merchandise and Marketing report

Membership has been slow again this year but we still have 63 members of which 3 are new.

We lost a long-term member with the death of HRH Queen Elizabeth

Life members 24

Full members 39 (2 new and 1 associate)

Merchandise is still not moving very fast. This year I sold a penknife and a saddle cloth. We had to raise prices again.

In stock

14 torches

6 knives

25 pens

Marketing has not happened again due to lack of budget, although we do have a listing in the stallion directory
